

Twinfield Union School's Bus Schedule For 2017-2018

A Few Important Things to Consider:

If you had a permanent bus note for your child last year, you need to write a new one for this current year even if it is the same information. **We do not keep the notes year to year, we start the year fresh.**

If you have a need for your child to take a different bus for a single day, we need to have it in writing the day of the change.

Send all notes in with your child. The flow of information goes like this:

- 1. Child brings in note with the bus change**
- 2. Teacher collects note and is made aware of the change**
- 3. Teacher sends note to office and the change is documented on "Bus Notes"**
- 4. "Bus Notes" are copied and distributed to the bus drivers**

This process works well if everyone follows these steps. Planning ahead and consistency helps to eliminate confusion and mistakes that can be upsetting to a child.

Only EMERGENCY changes should be made by telephone. If you need to do so, please contact Dede Dufresne at Twinfield, 426-3213 ext. 201.

All times are estimated so please allow 10 minutes before and after these times.
